Features and benefits.

Merlin Lube was designed to achieve optimal engine lubrication and running temperature. It contains Pure Degummed Castor oil. Suitable for most 4-stroke plane engines. It may be used as well in old OS engines or in any engine requiring an extra lubrication.

Storage

Merlin Lube will remain suitable for at least 24 months when stored in their original packs on a dry place at storage temperatures below 25 C and above 10 C.

Please, read carefully the safety instructions in the label. Glow Fuels contain methanol. They are classified as **toxic**. For further information, please, read MSDS. You can also consult MSDS at www.merlinfuel.com
